
Safeguarding Policy 2023/24

1. Background

In September 2023 the Department for Education and Skills statutory guidance document “[Keeping Children Safe in Education](#)” will come into effect replacing the previous year’s version. This document focuses on the safeguarding and promoting the welfare of children under the provisions of the Children Act 1989 and 2004, and following publication of Section 175 of The Education Act 2002 and 2011.

Section 175 places a duty of care on Local Education Authorities, and on governing bodies of schools and further education institutions to make arrangements for carrying out their functions with a view to safeguarding and promoting the welfare of children.

In accordance with the Counter-Terrorism and Security Act 2015, there is a statutory duty on colleges to “have due regard to the need to prevent people from being drawn into terrorism”. This is known as the Prevent duty. To fulfil this duty the college liaises closely with the local area prevent lead to receive updates regarding local concerns and to refer students of concern to the Channel process. To further safeguard our students in regard to the threats of terrorism the college has also implemented a procedure in the case of critical incidents based on the Run Hide Tell guidance 2015.

Safeguarding and promoting the welfare of children covers more than child protection. The requirements for the College are for policies and procedures that cover arrangements not just for meeting the welfare and safeguarding needs of children, but also the needs of vulnerable adults and young people as well as ensuring appropriate practices for staff recruitment and selection and providing a safe and secure environment in which to study. Schools and colleges and their staff form part of the wider safeguarding system for children. This system is described in statutory guidance [Working Together to Safeguard Children 2018](#).

- 4.3. There exist safe recruitment practices in checking the suitability of staff and volunteers to work with or in proximity to children and students. The College's Recruitment and Selection Policy cover these in more detail.
- 4.4. Staff are made aware of issues relating to the welfare of students (more detail of specific safeguarding issues is included in the College Safeguarding Procedures).

5. Confidentiality and sharing information

- 5.1. Once a disclosure and referral have been made, the incident should be considered confidential – unless the information indicates that the person is at risk of harm from others or to themselves. Then the information will be shared with the DSL (or Safeguarding Team) and/or other agencies/professionals who are able to take protective action.
- 5.2. All information regarding child protection issues will be kept, under lock and key, or secure electronic file.

- 5.8. Note: 'confidentiality' is often misunderstood. An over emphasis on confidentiality can leave young people or vulnerable adults in danger of harm. If something is confidential, this does not mean that it cannot be shared. GDPR should be no barrier to information sharing about a person in need, as long as appropriate protocol is followed. However, it is important to:
 - Share only what it is necessary to share to protect a young person or an adult at risk
 - Record what you shared, and with whom
 - Record your reasons for sharing for further information refer to; [Information Sharing](#): Advice for practitioners
